

NEWS RELEASE - April 1, 2019

After much deliberation, the Village of Rosemary has decided that they no longer desire to be part of the Regional Working Group and discussions centered around regional amalgamation. For the greater good of their residents, the Village has determined their residents deserve full representation and a voice in our democratic society.

The Village of Rosemary will continue to be part of any discussions related to collaboration and the Intermunicipal Collaborative Framework (ICF) within the region.

Should you require further information, please contact the CAO at the Village of Rosemary Office at 403-378-4246.
